Do not chase.

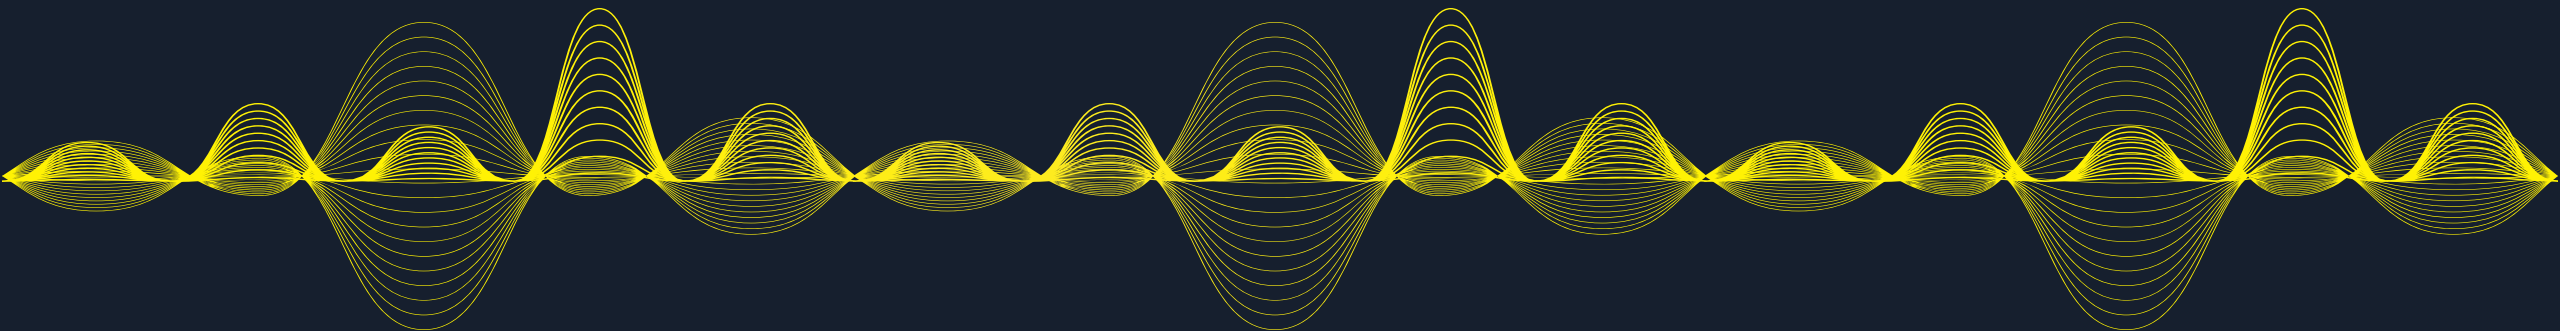

# About the Request

- New inflatable screen for outdoor movies and events
- Screen needs to be ordered soon to arrive in time for NSO and Family Weekend
- Original screen paid for itself after 6 outdoor movies, and we've used it for at least 25 outdoor movie showings.
- New screen will pay for itself after 8 movies (less than 1 year of events)

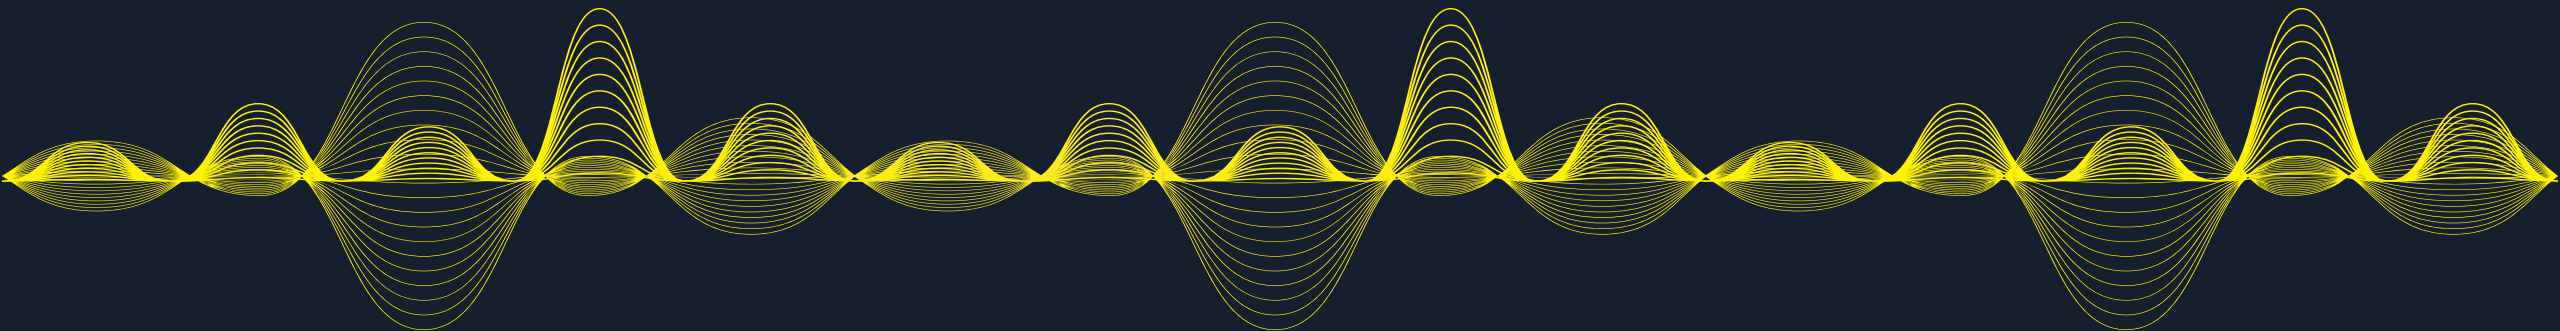

AIRSCREEN 30' (Example setup)

# Why do we need an inflatable screen?

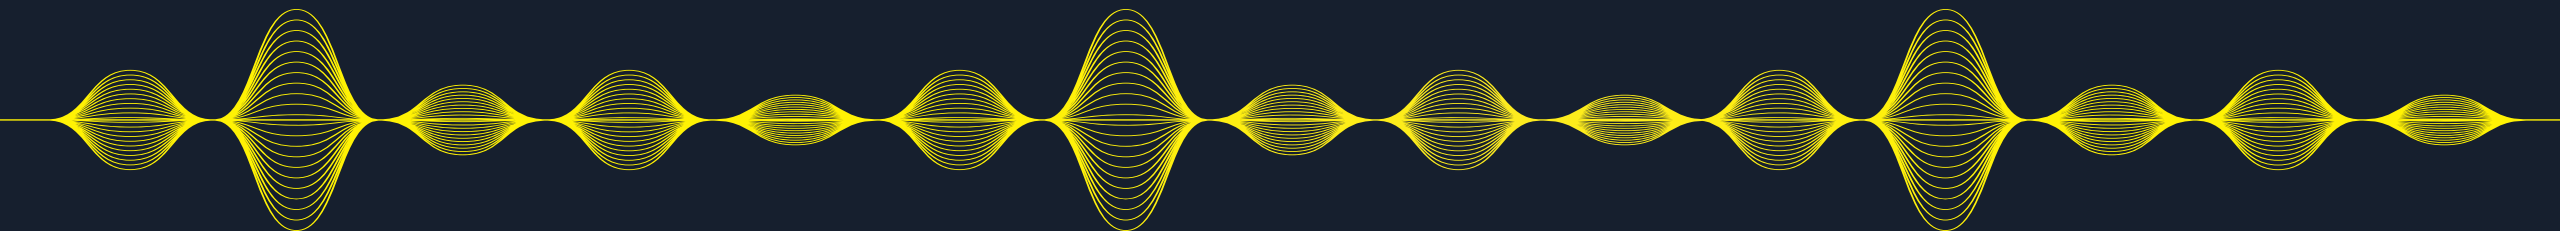

- The problem:
  - Existing screen was poor quality and replacement surfaces are no longer being sold by the manufacturer.
  - Existing screen lasted longer than expected and now has damage on the screen surface, inflatable areas, and leaks significantly
- The solution:
  - New higher-quality inflatable screen with an easily replaceable surface
